

# Glasgow Physical Activity Forum

## PROPOSED Research Projects

This form should be used to specify new research projects concerned with health related physical activity in Glasgow. Please try to provide as much detail as possible.

### 1. TITLE

### 2. POTENTIAL INVESTIGATORS

Who will carry out the project (include contact address)

### 3. AIMS AND OBJECTIVES

The major aims of the project. The steps and timescale required to achieve the aims. The objectives may be written as a set of questions to be answered.

### 4. BACKGROUND

Include any background work completed locally or reported in published literature which could provide relevant information to support the project.

### 5. METHODS

To include target groups covered, methods of measurement and procedures to be followed

### 6. OUTPUT

Suggest what the project will produce e.g. a written report, presentation, tangible resources, recommendations etc. and describe how the Forum agencies will benefit

### 7. RESOURCES REQUIRED

Try to cost the proposed project in terms of consumables, staff time, travel costs etc.

*It should be noted that the Forum does not have funds to finance new projects but can provide advice and will, where appropriate, try to match proposed projects with research students or other agencies who may be able to assist.*

Completed Forms should be returned to
